

Points for V.I.Ru.S.

Points are based on the race distance and your time compared to the winning time. We divide the winning time by your time and then multiply by the applicable points for that race, as follows:

5k = 3.1 points

5 miles=5 points

8 miles = 8 points

10 miles = 10 points

12 miles = 12 points

15 miles = 15 points

25 miles = 25 points

50k= 31 points

$$\frac{\text{winner's time in min (rounded)}}{\text{your time in min (rounded)}} \times \text{distance points} = \text{your score}$$

The top 3 finishers in each race get bonus points as follows: first place, 10 points; second place, 5 points; third place, 3 points. Second and third place points will be calculated based on the above formula BEFORE adding the bonus points.
